(Release No. 34-61727; File No. SR-NYSEArca-2010-13)

March 17, 2010

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Accommodate Cabinet Trades that Take Place Below \$1 Per Option Contract Until July 1, 2010

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that, on March 3, 2010, NYSE Arca, Inc. (“NYSE Arca” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to adopt Commentary .01 to Rule 6.80, Accommodation Transactions (Cabinet Trades), to permit transactions to take place at a price that is below \$1 per option contract. The text of the proposed rule change is attached as Exhibit 5 to the 19b-4 form. A copy of this filing is available on the Exchange’s Web site at www.nyse.com, at the Exchange’s principal office and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the

places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to allow accommodation transactions ("Cabinet Trades") to take place at a price that is below \$1 per option contract. The Exchange proposes to adopt a rule based on CBOE Rule 6.54, Interpretations and Policies .03.³

Cabinet trading is generally conducted in accordance with the Exchange Rules, except as provided in Exchange Rule 6.80 Accommodation Transactions (Cabinet Trades), which sets forth specific procedures for engaging in cabinet trades. Rule 6.80 currently provides for cabinet transactions to occur via open outcry at a cabinet price of a \$1 per option contract in any options series open for trading in the Exchange, except that the Rule is not applicable to trading in option classes participating in the Penny Pilot Program. Under the procedures, bids and offers (whether opening or closing a position) at a price of \$1 per option contract may be represented in the trading crowd by a Floor Broker or by a Market-Maker or provided in response to a request by a Trading Official, a Floor Broker or a Market-Maker, but must yield priority to all resting orders in the Cabinet (those orders held by the Trading Official, and which resting cabinet orders may be closing only). So long as both the buyer and the seller yield to orders resting in the cabinet book, opening cabinet bids can trade with opening cabinet offers at \$1 per option contract.

The purpose of this rule change is to temporarily amend the procedures through July 1, 2010 to allow transactions to take place in open outcry at a price of at least \$0 but less than \$1

per option contract. These lower priced transactions would be traded pursuant to the same procedures applicable to \$1 cabinet trades, except that (i) bids and offers for opening transactions would only be permitted to accommodate closing transactions in order to limit use of the procedure to liquidations of existing positions, and (ii) the procedures would also be made available for trading in option classes participating in the Penny Pilot Program.⁴ The Exchange believes that allowing a price of at least \$0 but less than \$1 will better accommodate the closing of options positions in series that are worthless or not actively traded, particularly due to recent market conditions which have resulted in a significant number of series being out-of-the-money. For example, a market participant might have a long position in a call series with a strike price of \$100 and the underlying stock might now be trading at \$30. In such an instance, there might not otherwise be a market for that person to close-out its position even at the \$1 cabinet price (e.g., the series might be quoted no bid).

As with other accommodation liquidations under Rule 6.80, transactions that occur for less than \$1 will not be disseminated to the public on the consolidated tape. In addition, as with other accommodation liquidations under Rule 6.80, the transactions will be exempt from the Consolidated Options Audit Trail (“COATS”) requirements of Exchange Rule 6.67 Order Format and System Entry Requirements. However, the Exchange will maintain quotation, order and transaction information for the transactions in the same format as the COATS data is

⁴ Currently the \$1 cabinet trading procedures are limited to options classes traded in \$0.05 or \$0.10 standard increment. The \$1 cabinet trading procedures are not available in Penny Pilot Program classes because in those classes an option series can trade in a standard increment as low as \$0.01 per share (or \$1.00 per option contract with a 100 share multiplier). Because the instant rule change would allow trading below \$0.01 per share (or \$1.00 per option contract with a 100 share multiplier), the procedures would be made available for all classes, including those classes participating in the Penny Pilot Program.

maintained. In this regard, all transactions for less than \$1 must be reported to the Exchange following the close of each business day.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with Section 6(b)⁵ of the Securities Exchange Act of 1934 (the “Act”), in general, and furthers the objectives of Section 6(b)(5)⁶ in particular in that it is designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts, to remove impediments to and to perfect the mechanism for a free and open market and a national market system and, in general, to protect investors and the public interest. The Exchange believes that allowing for liquidations at a price less than \$1 per option contract will better facilitate the closing of options positions that are worthless or not actively trading, especially in Penny Pilot issues where Cabinet Trades are not otherwise permitted.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the

Act⁷ and Rule 19b-4(f)(6) thereunder because the proposal does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) by its terms, become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.⁸

The Exchange has requested that the Commission waive the 30-day operative delay period. In making such request, the Exchange stated that immediate operability will level the current competitive landscape by permitting the Exchange to implement changes similar to those implemented by the CBOE. The Commission hereby grants the request. The Commission notes that the proposal is nearly identical to the rules of another self-regulatory organization,⁹ and believes that waiver of the 30-day period will enable the Exchange to provide a means for investors to close out positions that are worthless or not actively trading without delay. Based on the above, the Commission believes it is consistent with the protection of investors and the public interest to waive the 30-day operative delay and designates the proposal as operative upon filing.¹⁰

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such proposed rule change if it appears to the Commission that such

⁸ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied the pre-filing requirement.

action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.¹¹
