The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 7.11 to set forth how the Exchange will handle order flow during a Trading Pause for a security listed on an exchange other than NYSE Arca.

Rule 7.11 was approved by the Commission on June 10, 2010.⁴ The Exchange proposes to add subsection (f) to the Rule to address how orders will be handled when another primary listing market issues a trading pause. Upon the receipt of a trading pause message from another primary listing market, the Exchange will take the following actions: (i) maintain all resting orders in the Book; (ii) cancel any unexecuted portion of Market Orders and Pegged Orders; (iii) accept and process all cancellations; (iv) accept and route new Market Orders to the primary market; (v) accept and route PO and PO+ Orders to the primary market; and (vi) reject all other orders until the stock has reopened. The Exchange proposes to follow these procedures during a regulatory halt called by another market as well.

Once trading has resumed on the primary listing market or notice has been received from the primary listing market that trading may resume, the Exchange will resume normal order processing in accordance with its rules.

⁴ See Securities Exchange Act Release No. 62252 (June 10, 2010).

The Exchange believes that these procedures will ensure that following a Trading Pause or regulatory halt, the primary listing market will be able to conduct a fair and orderly reopening because any new order flow during the pause will be available to the primary market to conduct price discovery for the reopening.

The Exchange also proposes to amend Rule 7.11 to provide that in the event of an early scheduled close, the rule would be in effect until 25 minutes before such scheduled close.

2. Statutory Basis

The statutory basis for the proposed rule change is Section 6(b)(5) of the Securities Exchange Act of 1934 (the “Act”),⁵ which requires the rules of an exchange to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. The proposed rule change also is designed to support the principles of Section 11A(a)(1)⁶ of the Act in that it seeks to assure fair competition among brokers and dealers and among exchange markets. The Exchange believes that the proposed rule meets these requirements in that it promotes transparency for how order flow will be handled during a Trading Pause for a security listed on an exchange other than NYSE Arca. The proposed rule also promotes a fair and orderly market by enabling the primary listing market to properly price a security for the reopening following a Trading Pause.

⁶ 15 U.S.C. 78k-1(a)(1).

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act⁷ and Rule 19b-4(f)(6) thereunder.⁸ Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.

A proposed rule change filed under Rule 19b-4(f)(6)⁹ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁰ the Commission may designate a shorter time if such action is consistent

⁸ 17 CFR 240.19b-4(f)(6).

with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission notes that the proposed rule change clarifies how the Exchange will handle order flow during a Trading Pause for a security listed on an exchange other than NYSE Arca. The proposed rule change does not raise any new substantive issues. For these reasons, the Commission believes that the waiver of the 30-day operative date is consistent with the protection of investors and the public interest.¹¹

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
