C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Fee Schedule for co-location services to correct several typographical errors.

The Exchange currently offers space at its data center in cabinets with tiered fees for the use of this space corresponding to the aggregated number of kilowatts allocated. However, the Exchange's Fee Schedule provides an incomplete list of power tier levels. Accordingly, the Exchange proposes to amend its Fee Schedule to reflect that the tiered fees are based on the aggregated power allocation of (i) four to eight kilowatts; (ii) nine to 20 kilowatts; (iii) 21 to 40 kilowatts; or (iv) 41 kilowatts and greater. A co-location user whose power allocation has been at a level that is currently not reflected in the Fee Schedule has been charged according to the tiers set forth herein. For example, a user with twelve kilowatts allocated has been charged \$1,200 per-kilowatt per-month for the first 8 kilowatts and \$1,050 per-kilowatt per-month for the next 4 kilowatts (between 9 and 12).

In addition to the space that it offers at its data center, the Exchange provides co-location users with access to the Exchange's trading and execution systems and to the Exchange's proprietary market data products through either the Exchange's Liquidity Center Network ("LCN"), a local area network available in the data center, or the Exchange's Secure Financial Transaction Infrastructure ("SFTI") network, to which all co-location users have access. Access is available in either one or ten gigabit capacities, for which co-location users incur an initial charge per connection and an ongoing monthly charge per connection. The Exchange proposes to amend its Fee Schedule to reflect that the initial charge for a one gigabit circuit for Bundled

Network Access, Option 3 is \$27,000, not \$27,500 as currently stated in the Fee Schedule. The change in price is due to a typographical error in the Exchange’s previous filing.³ Co-location users have always been charged \$27,000 for this fee and have never been charged the fee of \$27,500 that is currently stated in the Fee Schedule.

Finally, the Exchange proposes to amend its Fee Schedule to include the ongoing monthly charge per connection for a ten gigabit circuit for LCN access, which is \$12,000. The reference to the ongoing monthly charge was erroneously omitted from the Fee Schedule submitted with the Exchange’s previous filing.⁴ Co-location users have always been charged the \$12,000 monthly charge per connection for a ten gigabit circuit for LCN access.

The Exchange believes that the changes proposed herein would not alter co-location users’ understanding of the fees charged for co-location and related services. In addition, the changes proposed herein are intended to clarify the applicable fees for co-location and related services – not new or altered fees – and are designed to accurately reflect the fees for co-locating that the Exchange and co-location users already understand to be in effect.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Securities Exchange Act of 1934 (the “Act”),⁵ in general, and furthers the objectives of Section 6(b)(4)⁶ and 6(b)(5) of the Act,⁷ in particular, in that it provides for the equitable allocation of reasonable dues, fees, and other charges among its members and issuers and other persons using its facilities

and is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange believes that the proposed change to the Fee Schedule is equitable because it applies fees for comparable co-location services uniformly to users of those services and because access to the Exchange and the services and products it provides are offered on fair and non-discriminatory terms. The proposed changes would result in clarification of the Exchange's fees for co-location and related services.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)⁸ of the Act and subparagraph (f)(2) of Rule 19b-4⁹ thereunder, because it establishes a due, fee, or other charge imposed by the NYSE Arca.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
