

SECURITIES AND EXCHANGE COMMISSION  
(Release No. 34-67898; File No. SR-NYSEARCA-2012-95)

September 20, 2012

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing of Proposed Rule Change and Amendment No. 1 Amending Commentary .07 to NYSE Arca Options Rule 6.4 to Expand the Number of Expirations Available Under the Short Term Option Series Program (“STOS Program”), to Allow for the Exchange to Delist any Series in the STOS that Do Not have Open Interest and to Expand the Number of Series in STOS Under Limited Circumstances

Pursuant to Section 19(b)(1)<sup>1</sup> of the Securities Exchange Act of 1934 (the “Act”)<sup>2</sup> and Rule 19b-4 thereunder,<sup>3</sup> notice is hereby given that, on September 6, 2012, NYSE Arca, Inc. (the “Exchange” or “NYSE Arca”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. On September 18, 2012, the Exchange filed Amendment No. 1. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Commentary .07 to NYSE Arca Options Rule 6.4 to expand the number of expirations available under the Short Term Option Series Program (“STOS Program”), to allow for the Exchange to delist any series in the STOS that do not have open interest and to expand the number of series in STOS under limited circumstances. The text of the proposed rule change is available on the Exchange’s website

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposal is to amend Commentary .07 to NYSE Arca Options Rule 6.4 to provide for the ability to open up to five consecutive expirations under the Short Term Option Series Program (“STOS Program”) for trading on the Exchange, to allow for the Exchange to delist any series in the STOS that do not have open interest and to expand the number of series in STOS under limited circumstances when there are no series at least 10% but not more than 30% away from the current price of the underlying security.<sup>4</sup>

<sup>4</sup> On July 12, 2005, the Commission approved the Weeklies Program on a pilot basis. See Securities Exchange Act Release No. 52013 (July 12, 2005), 70 FR 41471 (July 19, 2005) (SR-PCX-2005-32). The Weeklies Program was made permanent on June 23, 2010. See Securities Exchange Act Release No. 62369 (June 23, 2010), 75 FR 37868 (June 30, 2010) (SR-NYSEArca-2010-59).

Currently, the Exchange may select up to 5 currently listed option classes on which STOS options may be opened in the STOS Program and the Exchange may also match any option classes that are selected by other securities exchanges that employ a similar program under their respective rules.<sup>5</sup> For each option class eligible for participation in the STOS Program, the Exchange may open up to 30 Short Term Option Series for each expiration date in that class.

This proposal seeks to allow the Exchange to open STOS option series for up to five consecutive week expirations. The Exchange intends to add a maximum of five consecutive week expirations under the STOS Program, however it will not add a STOS expiration in the same week that a monthly options series expires or, in the case of Quarterly Option Series, on an expiration that coincides with an expiration of Quarterly Option Series on the same class. In other words, the total number of consecutive expirations will be five, including any existing monthly or quarterly expirations.<sup>6</sup> This change is being proposed notwithstanding the current cap of 30 series per class under the STOS Program. The Exchange notes that the STOS Program has been well-received by market participants, in particular by retail investors.<sup>7</sup> The Exchange believes that the

<sup>6</sup> For example, if quarterly options expire week 1 and monthly options expire week 3 from now, the proposal would allow the following expirations: week 1 quarterly, week 2 STOS, week 3 monthly, week 4 STOS, and week 5 STOS. If quarterly options expire week 3 and monthly options expire week 5, the following expirations would be allowed: week 1 STOS, week 2 STOS, week 3 monthly, week 4 STOS, and week 5 quarterly.

<sup>7</sup> Since the STOS Program [sic] been adopted, it has seen rapid acceptance among industry participants as evidenced by the expansion of the number of classes eligible for the STOS Program by various Exchanges. See Securities Exchange Act Release Nos. 65775 (November 17, 2011), 76 FR 72473 (November 23,

current proposed revision to the STOS Program will permit the Exchange to meet increased customer demand and provide market participants with the ability to hedge in a greater number of option classes and series.

With regard to the impact of this proposal on system capacity, the Exchange has analyzed its capacity and represents that it and the Options Price Reporting Authority have the necessary systems capacity to handle the potential additional traffic associated with trading of an expanded number of expirations that participate in the STOS Program.

In addition, to provide for circumstances where the underlying security has moved such that there are no series that are at least 10% above or below the current price of the underlying security, the Exchange is proposing to add new language to Commentary .07 to provide that the Exchange would delist series with no open interest in both the call and the put series having a: (i) strike higher than the highest price with open interest in the put and/or call series for a given expiration month; and (ii) strike lower than the lowest strike price with open interest in the put and/or the call series for a given expiration month, so as to list series that are at least 10% but not more than 30% above or below the current price of the underlying security. Further, in the event that all existing series have open interest and there are no series at least 10% above or below the current price of the underlying security, the Exchange may list additional series, in excess of the 30 allowed currently under Commentary .07, that are at least 10% and not more than 30% above or below the current price of the underlying security.

2011) (SR-NASDAQ-2011-138); 65776 (November 17, 2011), 76 FR 72482 (November 23, 2011) (SR-PHLX-2011-131); 66563 (March 9, 2012), 77 FR 15426 (March 15, 2012); 67194 (June 13, 2012), 77 FR 36597 (June 19, 2012) (SR-NYSEMKT-2012-08); and 67178 (June 11, 2012), 77 FR 36305 (June 18, 2012) (SR-NYSEArca-2012-60).

The Exchange believes that it is important to allow investors to roll existing option positions and ensuring that there are always series at least 10% but not more than 30% above or below the current price of the underlying security will allow investors the flexibility they need to roll existing positions.

## 2. Statutory Basis

The Exchange believes the proposed rule change is consistent with Section 6(b) of the Act<sup>8</sup> in general, and furthers the objectives of Section 6(b)(5),<sup>9</sup> in particular, in that it is designed to promote just and equitable principles of trade, remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest.

The Exchange believes that expanding the STOS Program will result in a continuing benefit to investors by giving them more flexibility to closely tailor their investment decisions and hedging decisions in a greater number of securities. The Exchange also believes that expanding the STOS Program will provide the investing public and other market participants with additional opportunities to hedge their investment thus allowing these investors to better manage their risk exposure. While the expansion of the STOS Program will generate additional quote traffic, the Exchange does not believe that this increased traffic will become unmanageable since the proposal remains limited to a fixed number of expirations.

The Exchange believes that the ability to delist series with no open interest in both the call and the put series will benefit investors by devoting the current cap in the number

<sup>9</sup> 15 U.S.C. 78f(b)(5).

of series to those series that are more closely tailored to the investment decisions and hedging decisions of investors.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the Federal Register or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- (A) by order approve or disapprove the proposed rule change, or
- (B) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
