Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing of Proposed Rule Change Relating to the Listing and Trading of Shares of PowerShares Government Collateral Pledge Portfolio under NYSE Arca Equities Rule 8.600

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the “Act”)² and Rule 19b-4 thereunder,³ notice is hereby given that, on July 6, 2016, NYSE Arca, Inc. (the “Exchange” or “NYSE Arca”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to list and trade shares (“Shares”) of the following under NYSE Arca Equities Rule 8.600⁴, which governs the listing and trading of Managed Fund Shares⁵: PowerShares Government Collateral Pledge Portfolio (“Fund”). The Fund is a series of the PowerShares Actively Managed Exchange Traded Trust (the “Trust”).⁶ Invesco PowerShares

⁴ The Commission has previously approved listing and trading on the Exchange of actively managed funds under Rule 8.600. See, e.g., Securities Exchange Act Release Nos. 57801 (May 8, 2008), 73 FR 27878 (May 14, 2008) (SR-NYSEArca-2008-31) (order approving Exchange listing and trading of twelve actively-managed funds of the WisdomTree Trust); 66321 (February 3, 2012), 77 FR 6850 (February 9, 2012) (SR-NYSEArca-2011-95) (order approving listing and trading of PIMCO Total Return Exchange Traded Fund); 66670 (March 28, 2012), 77 FR 20087 (April 3, 2012) (SR-NYSEArca-2012-09) (order approving listing and trading of PIMCO Global Advantage Inflation-Linked Bond Strategy Fund).

⁵ A Managed Fund Share is a security that represents an interest in an investment company registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1) (“1940 Act”) organized as an open-end investment company or similar entity that invests in a portfolio of securities selected by its investment adviser consistent with its investment objectives and policies. In contrast, an open-end investment company that issues Investment Company Units, listed and traded on the Exchange under NYSE Arca Equities Rule 5.2(j)(3), seeks to provide investment results that correspond generally to the price and yield performance of a specific foreign or domestic stock index, fixed income securities index or combination thereof.

⁶ The Trust is registered under the 1940 Act. On May 20, 2016, the Trust filed with the Commission an amendment to its registration statement on Form N-1A under the Securities Act of 1933 (15 U.S.C. 77a) (“Securities Act”) and the 1940 Act relating to the Fund (File Nos. 333-147622 and 811-22148) (the “Registration Statement”). The description of the operation of the Trust and the Fund herein is based, in part, on the Registration Statement. In addition, the Commission has issued an order granting certain exemptive relief to the Trust and the Adviser (as defined below) under the 1940 Act. See Investment Company Act Release No. 28171 (February 27, 2008) (File No. 812-13386) (“Exemptive Order”). The Fund will be offered in reliance upon the Exemptive Order issued to the Trust and the Adviser.

Capital Management LLC is the investment advisor for the Fund (“Adviser”). Invesco Advisers, Inc. is the sub-adviser for the Fund (“Invesco” or “Sub-Adviser”). The Bank of New York Mellon (“BNYM” or “Custodian”) will be the administrator, custodian and transfer agent for the Fund. Invesco Distributors, Inc. will be the Fund’s distributor (“Distributor”).

Commentary .06 to Rule 8.600 provides that, if the investment adviser to the investment company issuing Managed Fund Shares is affiliated with a broker-dealer, such investment adviser shall erect a “fire wall” between the investment adviser and the broker-dealer with respect to access to information concerning the composition and/or changes to such investment company portfolio.⁷ In addition, Commentary .06 further requires that personnel who make decisions on the open-end fund’s portfolio composition must be subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the open-end fund’s portfolio. The Adviser and Sub-Adviser each is not registered as a broker-dealer but is affiliated with a broker-dealer. The Adviser and Sub-Adviser each has implemented and will maintain a fire wall

⁷ An investment adviser to an open-end fund is required to be registered under the Investment Advisers Act of 1940 (the “Advisers Act”). As a result, the Adviser and Sub-Adviser and their related personnel are subject to the provisions of Rule 204A-1 under the Advisers Act relating to codes of ethics. This Rule requires investment advisers to adopt a code of ethics that reflects the fiduciary nature of the relationship to clients as well as compliance with other applicable securities laws. Accordingly, procedures designed to prevent the communication and misuse of non-public information by an investment adviser must be consistent with Rule 204A-1 under the Advisers Act. The Exchange represents that the Adviser and its related personnel are subject to Investment Advisers Act Rule 204A-1. In addition, Rule 206(4)-7 under the Advisers Act makes it unlawful for an investment adviser to provide investment advice to clients unless such investment adviser has (i) adopted and implemented written policies and procedures reasonably designed to prevent violation, by the investment adviser and its supervised persons, of the Advisers Act and the Commission rules adopted thereunder; (ii) implemented, at a minimum, an annual review regarding the adequacy of the policies and procedures established pursuant to subparagraph (i) above and the effectiveness of their implementation; and (iii) designated an individual (who is a supervised person) responsible for administering the policies and procedures adopted under subparagraph (i) above.

with respect to its affiliated broker-dealer regarding access to information concerning the composition and/or changes to the Fund's portfolio. In the event (a) the Adviser or Sub-Adviser becomes registered as a broker-dealer or newly affiliated with a broker-dealer, or (b) any new adviser or sub-adviser becomes registered as a broker-dealer or newly affiliated with a broker-dealer, it will implement a fire wall with respect to its relevant personnel or such broker-dealer affiliate regarding access to information concerning the composition and/or changes to the portfolio, and will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding such portfolio.

Principal Investments

According to the Registration Statement, the Fund's investment objective will be to seek to provide as high a level of current income as is consistent with liquidity and minimum volatility of principal. The Fund will seek to achieve its investment objective by investing, under normal market conditions⁸, at least 80% of its net assets in a portfolio of registered U.S. government money market mutual funds (the "Underlying Funds") and in U.S. dollar-denominated government securities and other money market securities eligible for investment by U.S. government money market funds (including indirect investments in those securities through the Underlying Funds).

Under normal market conditions, the Fund intends to invest a substantial portion of its assets in the following Underlying Funds: the Treasury Portfolio, Government Tax Advantage

⁸ The term "under normal market conditions" includes, but is not limited to, the absence of extreme volatility or trading halts in the fixed income securities markets or the financial markets generally; circumstances under which the Fund's investments are made for temporary defensive purposes; operational issues (e.g., systems failure) causing dissemination of inaccurate market information; or force majeure type events such as natural or man-made disaster, act of God, armed conflict, act of terrorism, riot or labor disruption or any similar intervening circumstance.

Portfolio, Government & Agency Portfolio and Premier US Government Money Portfolio, each of which is advised by an affiliate of the Adviser. In constructing the Fund's portfolio, the Sub-Adviser generally will allocate and reallocate the Fund's assets among the Underlying Funds on a monthly basis on an approximate pro rata basis that is based on the amount of net assets of each Underlying Fund. However, the Sub-Adviser is not required to invest the Fund's assets in any particular Underlying Fund or allocate any particular percentage of the Fund's assets to any particular Underlying Fund. Invesco may add, eliminate or replace any or all Underlying Funds at any time. Any additions to or replacements of the Underlying Funds in the Fund's portfolio also will be registered U.S. government money market funds with investment characteristics that are substantially similar to those of the Underlying Funds. The Adviser, the Sub-Adviser or their affiliates may advise some or all the Underlying Funds.

According to the Registration Statement, each Underlying Fund is a "government money market fund" (as that term is defined under Rule 2a-7 of the 1940 Act) and seeks to maintain a stable \$1.00 net asset value ("NAV"). Each Underlying Fund has an investment objective of seeking to provide current income consistent with preservation of capital and liquidity. The securities held by the Underlying Funds will comply with all requirements of Rule 2a-7 and other Commission rules applicable to money market funds seeking a stable NAV. Each Underlying Fund invests at least 99.5% of its total assets in cash, government securities, and/or repurchase agreements collateralized by cash or government securities. In addition, each Underlying Fund invests only in U.S. dollar-denominated securities maturing within 397 days of the date of purchase, with certain exceptions permitted by applicable regulations, and maintains a dollar-weighted average portfolio maturity of no more than 60 days, and a dollar-weighted

average portfolio maturity (as determined without exceptions regarding certain interest rate adjustments under Rule 2a-7) of no more than 120 days.

Unlike the Underlying Funds, the Fund will not be a money market fund, meaning that it will not seek to maintain a stable NAV of \$1.00, nor will it be subject to other requirements of Rule 2a-7. However, the Fund will only purchase securities issued by registered government money market funds, or securities that comply with the quality and eligibility requirements of Rule 2a-7, as described above.

Additionally, the Fund and the Underlying Funds may invest in variable and floating rate instruments that are permitted under the requirements of Rule 2a-7.

The Fund and the Underlying Funds may transact in securities on a when-issued, delayed delivery or forward commitment basis. The purchase or sale of securities on a when-issued or delayed delivery basis or through a forward commitment involves the purchase or sale of securities at an established price with payment and delivery taking place in the future.

Creation and Redemption of Shares

The Trust will issue Shares of the Fund only in “Creation Unit Aggregations” on a continuous basis through the Distributor at its NAV next determined after receipt, on any business day of an order in proper form. A Creation Unit Aggregation is 50,000 Shares and the size of a Creation Unit Aggregation is subject to change.

Creation Unit Aggregations of the Fund generally will be sold principally for cash, calculated based on the NAV per Share multiplied by the number of Shares representing a Creation Unit (“Deposit Cash”), plus any applicable administrative or other transaction fees, as discussed below. The Fund also reserves the right to permit or require Creation Units to be issued in-kind. If in-kind creations are permitted or required, an investor must deposit a

designated portfolio of securities (“Deposit Securities”) and the “Cash Component”, computed as discussed below. Together, the Deposit Securities and the Cash Component constitute the “Fund Deposit”, which represents the minimum initial and subsequent investment amount for a Creation Unit Aggregation of the Fund.

The Cash Component serves the function of compensating for any differences between the NAV per Creation Unit Aggregation and the Deposit Amount (as defined below). The Cash Component is an amount equal to the difference between the NAV of the Shares (per Creation Unit Aggregation) and the “Deposit Amount”—an amount equal to the market value of the Deposit Securities. If the Cash Component is a positive number (i.e., the NAV per Creation Unit Aggregation exceeds the Deposit Amount), the “Authorized Participant” (as defined below) will deliver the Cash Component. If the Cash Component is a negative number (i.e., the NAV per Creation Unit Aggregation is less than the Deposit Amount), the Authorized Participant will receive the Cash Component.

To the extent that the Fund permits or requires Creation Units to be issued in-kind, the Custodian will make available through the National Securities Clearing Commission (“NSCC”) on each Business Day, prior to the opening of business on the Exchange (currently 9:30 a.m., Eastern time), the list of the names and the required number or par value of each Deposit Security and the amount of Cash Component to be included in the current Fund Deposit (based on information at the end of the previous Business Day) for the Fund. Such Fund Deposit will be applicable, subject to any adjustments, to effect creations of Creation Unit Aggregations of the Fund until the Fund’s deadline for the submission of purchase orders (the Fund’s “Cutoff Time”).

In addition, the Trust reserves the right to permit or require the substitution of an amount of cash—i.e., a “cash in lieu” amount—to be added to the Cash Component to replace any Deposit Security that: (i) may not be available in sufficient quantity for delivery, (ii) may not be eligible for transfer through the systems of the Depository Trust Company (“DTC”) or the “Clearing Process” (defined below) or that the Authorized Participant (defined below) is not able to trade due to a trading restriction. The Fund also reserves the right to permit or require a “cash in lieu” amount in certain circumstances, including circumstances in which the delivery of the Deposit Security by the “Authorized Participant” (as defined below) would be restricted under applicable securities or other local laws or in certain other situations.

As noted above, Creation Units currently will be available only for cash purchases. The Custodian will make available on each Business Day information on the amount of Deposit Cash required for a Creation Unit.

To be eligible to place orders with the Distributor and to create a Creation Unit Aggregation of the Fund, an entity must be (i) a “Participating Party,” i.e., a broker-dealer or other participant in the clearing process through the Continuous Net Settlement System of the NSCC (the “Clearing Process”), a clearing agency that is registered with the Commission; or (ii) a DTC Participant. In each case, the entity must have executed an agreement with the Distributor, with respect to creations and redemptions of Creation Unit Aggregations (“Participant Agreement”). A Participating Party and DTC Participant are collectively referred to as an “Authorized Participant”. Creation Units may be purchased only by or through an Authorized Participant.

To initiate an order for a Creation Unit, the Distributor or its agent must receive an irrevocable order from an Authorized Participant, in proper form, no later than 12:00 p.m.,

Eastern time, in each case on the date such order is placed (the “Transmittal Date”) in order for creation of Creation Unit Aggregations to receive that day’s NAV. An order to create Creation Unit Aggregations is deemed received by the Distributor on the Transmittal Date if (i) such order is received by the Distributor not later than 12:00 p.m., Eastern time, on such Transmittal Date and (ii) all other procedures set forth in the Participant Agreement are properly followed.

Shares may be redeemed only by Authorized Participants, and only in Creation Unit Aggregations at their NAV next determined after receipt of a redemption request in proper form by the Distributor or its agent and only on a Business Day.

Redemption requests for Creation Units of the Fund must be submitted to the Distributor by or through an Authorized Participant. An Authorized Participant must submit an irrevocable request to redeem shares of the Fund generally before 12:00 p.m., Eastern time on any Business Day in order to receive that day’s NAV. Such order to redeem Creation Unit Aggregations is deemed received by the Trust on the Transmittal Date if (i) such order is received not later than 12:00 p.m., Eastern time; (ii) such order is accompanied or followed by the requisite number of Shares of the Fund; and (iii) all other procedures set forth in the Participant Agreement are properly followed.

Creation Units of the Fund generally will be redeemed for cash in an amount equal to the NAV of its Shares next determined after a redemption request is received (minus any redemption transaction fees) (the “Cash Redemption Amount”).

However, the Fund reserves the right to distribute securities in-kind as payment for Creation Units being redeemed. During times when the Fund permits such in-kind redemptions, the Custodian, through the NSCC, will make available prior to the opening of business on the NYSE (currently 9:30 a.m., Eastern time) on each Business Day, the designated portfolio of

securities (including any portion of such securities for which cash may be substituted) that will be applicable (subject to possible amendment or correction) to redemption requests received in proper form on that day (“Fund Securities”) and an amount of cash, as described below. Such Fund Securities and the corresponding Cash Amount (each subject to possible amendment or correction) are applicable in order to effect redemptions of Creation Units of the Fund until the Fund’s Cutoff Time. Fund Securities received on redemption may not be identical to Deposit Securities that are applicable to creations of Creation Units.

The in-kind redemption proceeds for a Creation Unit Aggregation generally will consist of Fund Securities plus or minus cash in an amount equal to the difference between the NAV of the Fund Shares being redeemed, as next determined after a receipt of a request in proper form, and the value of the Fund Securities (the “Redemption Cash Component”), less a redemption transaction fee. In the event that the Fund Securities have a value greater than the NAV of the Fund Shares, a compensating cash payment equal to the difference is required to be made by or through an Authorized Participant by the redeeming shareholder.

The right of redemption may be suspended or the date of payment postponed (i) for any period during which the NYSE is closed (other than customary weekend and holiday closings); (ii) for any period during which trading on the NYSE is suspended or restricted; (iii) for any period during which an emergency exists as a result of which disposal of the Shares of the Fund or determination of the Fund’s NAV is not reasonably practicable; or (iv) in such other circumstances as is permitted by the Commission.

Other Investments

While the Fund, under normal circumstances, will invest at least 80% of its net assets in the securities and financial instruments described above, the Fund may invest its remaining

assets in the following other assets and financial instruments, as described below.

The Fund and the Underlying Funds also may invest in certain U.S. government obligations other than those referenced above, namely Treasury receipts where the principal and interest components are traded separately under the Separate Trading of Registered Interest and Principal of Securities (STRIPS) program (“stripped securities”).

The Fund may invest directly in repurchase agreements and reverse repurchase agreements.

Investment Restrictions

The Fund will be classified as “non-diversified”.⁹

The Fund intends to maintain the required level of diversification and otherwise conduct its operations so as to qualify as a regulated investment company for purposes of the U.S. Internal Revenue Code of 1986, as amended.¹⁰

The Fund may invest up to an aggregate amount of 15% of its net assets in illiquid assets (calculated at the time of investment). The Fund will monitor its portfolio liquidity on an ongoing basis to determine whether, in light of current circumstances, an adequate level of liquidity is being maintained, and will consider taking appropriate steps in order to maintain adequate liquidity if, through a change in values, net assets, or other circumstances, more than 15% of the Fund’s net assets are held in illiquid assets. Illiquid assets include securities subject to contractual or other restrictions on resale and other instruments that lack readily available markets as determined in accordance with Commission staff guidance.¹¹

⁹ The diversification standard is set forth in Section 5(b)(1) of the 1940 Act.

¹⁰ 26 U.S.C. 851.

¹¹ The Commission has stated that long-standing Commission guidelines have required open-end funds to hold no more than 15% of their net assets in illiquid securities and other illiquid assets. See Investment Company Act Release No. 28193 (March 11, 2008),

The Fund will not invest in futures, options, swaps or forward contracts.

The Fund's investments will be consistent with the Fund's investment objective and will not be used to enhance leverage. That is, while the Fund will be permitted to borrow as permitted under the 1940 Act, the Fund's investments will not be used to seek performance that is the multiple or inverse multiple (e.g., 2Xs and 3Xs) of the Fund's primary broad-based securities benchmark index (as defined in Form N-1A).¹²

Net Asset Value

According to the Registration Statement, BNYM will calculate the Fund's NAV at 12:00 p.m., Eastern time, every day the NYSE is open, provided that U.S. fixed-income assets may be valued as of the announced closing time for trading in fixed-income instruments on any day that the Securities Industry and Financial Markets Association announces an early closing time. NAV is calculated by deducting all of the Fund's liabilities from the total value of its assets and dividing the result by the number of Shares outstanding, rounding to the nearest cent. Generally, the portfolio securities are recorded in the NAV no later than trade date plus one day. All valuations are subject to review by the Trust's Board of Trustees ("Board") or its delegate.

73 FR 14618 (March 18, 2008), footnote 34. See also, Investment Company Act Release No. 5847 (October 21, 1969), 35 FR 19989 (December 31, 1970) (Statement Regarding "Restricted Securities"); Investment Company Act Release No. 18612 (March 12, 1992), 57 FR 9828 (March 20, 1992) (Revisions of Guidelines to Form N-1A). A fund's portfolio security is illiquid if it cannot be disposed of in the ordinary course of business within seven days at approximately the value ascribed to it by the fund. See Investment Company Act Release No. 14983 (March 12, 1986), 51 FR 9773 (March 21, 1986) (adopting amendments to Rule 2a-7 under the 1940 Act); Investment Company Act Release No. 17452 (April 23, 1990), 55 FR 17933 (April 30, 1990) (adopting Rule 144A under the Securities Act).

¹² The Fund's broad-based securities benchmark index will be identified in a future amendment to the Registration Statement following the Fund's first full calendar year of performance.

The NAV for the Fund will be calculated and disseminated on each day that the NYSE is open. In determining NAV, expenses are accrued and applied daily and securities and other assets for which market quotations are readily available are valued at market value. Securities listed or traded on an exchange generally will be valued at the last sales price or official closing price that day as of the close of the exchange where the security primarily is traded.

The Underlying Funds (including other open-end registered investment companies), Treasury securities, cash equivalents or other securities not listed on an exchange, normally will be valued using prices provided by independent pricing services. Variable and floating rate instruments, repurchase agreements and reverse repurchase agreements likewise will be valued at prices supplied by approved pricing services, which are generally based on bid-side quotations.)
[sic]

The Adviser may use various pricing services or discontinue the use of any pricing service at any time. Prices obtained from independent third-party pricing services, broker-dealers or market makers to value the Fund's securities and other assets and liabilities will be based on information available at the time the Fund values its assets and liabilities. If a security's market price is not readily available, or if price quotes from a pricing service are not readily available (including where the Sub-Adviser determines that the closing price of the security is unreliable), securities will be valued by another method in [sic] that the Sub-Adviser, in its judgment, believes will better reflect the security's fair value accordance [sic] with the Trust's valuation policies and procedures approved by the Trust's Board.

The Trust's Board will be responsible for the oversight of the pricing procedures of the Fund and the valuation of the Fund's portfolio. The Trust's Board has delegated day-to-day pricing responsibilities to the Adviser's Pricing Committee, which will be composed of officers

of the Adviser. The Pricing Committee will be responsible for the valuation and revaluation of any portfolio investments for which market quotations or prices are not readily available. The Trust and the Adviser have implemented procedures designed to prevent the use and dissemination of material, nonpublic information.

Availability of Information

The Fund's website (www.invescopowershares.com), which will be publicly available prior to the public offering of Shares, will include a form of the prospectus for the Fund that may be downloaded. The Fund's website will include additional quantitative information updated on a daily basis, including, for the Fund, (1) daily trading volume, the prior business day's reported closing price, NAV and mid-point of the bid/ask spread at the time of calculation of such NAV (the "Bid/Ask Price"),¹³ and a calculation of the premium and discount of the Bid/Ask Price against the NAV, and (2) data in chart format displaying the frequency distribution of discounts and premiums of the daily Bid/Ask Price against the NAV, within appropriate ranges, for each of the four previous calendar quarters. On each business day, before commencement of trading in Shares in the Core Trading Session on the Exchange, the Fund will disclose on its website the Disclosed Portfolio as defined in NYSE Arca Equities Rule 8.600(c)(2) that will form the basis for the Fund's calculation of NAV at the end of the business day.¹⁴

¹³ The Bid/Ask Price of the Fund's Shares will be determined using the mid-point of the highest bid and the lowest offer on the Exchange as of the time of calculation of the Fund's NAV. The records relating to Bid/Ask Prices will be retained by the Fund and its service providers.

¹⁴ Under accounting procedures to be followed by the Fund, trades made on the prior business day ("T") will be booked and reflected in NAV on the current business day ("T+1"). Accordingly, the Fund will be able to disclose at the beginning of the business day the portfolio that will form the basis for the NAV calculation at the end of the business day.

On a daily basis, the Adviser will disclose on the Fund's website the following information regarding each portfolio holding of the Fund and the Underlying Funds, as applicable to the type of holding: ticker symbol, CUSIP number or other identifier, if any; a description of the holding (including the type of holding); the identity of the security or other asset or instrument underlying the holding, if any; quantity held (as measured by, for example, par value, notional value or number of shares, contracts or units); maturity date, if any; coupon rate, if any; effective date, if any; market value of the holding; and the percentage weighting of the holding in the Fund's or Underlying Fund's portfolio. The website information will be publicly available at no charge.

Investors can also obtain the Trust's Statement of Additional Information ("SAI"), the Fund's Shareholder Reports, and Form N-CSR and Form N-SAR, filed twice a year. The Trust's SAI and Shareholder Reports will be available free upon request from the Trust, and those documents and the Form N-CSR and Form N-SAR may be viewed on-screen or downloaded from the Commission's website at www.sec.gov. Information regarding market price and trading volume for the Shares will be continually available on a real-time basis throughout the day on brokers' computer screens and other electronic services. Information regarding the previous day's closing price and trading volume information for the Shares will be published daily in the financial section of newspapers. Quotation and last sale information for the Shares will be available via the Consolidated Tape Association ("CTA") high-speed line. Price information for the Underlying Funds, other money market funds, STRIPS, U.S. government obligations, variable and floating rate instruments, repurchase agreements and reverse repurchase agreements will be available from major market data vendors. In addition, the Portfolio Indicative Value ("PIV"), as defined in NYSE Arca Equities Rule 8.600 (c)(3), will be widely disseminated by

one or more major market data vendors at least every 15 seconds during the Core Trading Session.¹⁵ The dissemination of the PIV, together with the Disclosed Portfolio, will allow investors to determine the value of the underlying portfolio of the Fund on a daily basis and provide a close estimate of that value throughout the trading day.

Trading Halts

With respect to trading halts, the Exchange may consider all relevant factors in exercising its discretion to halt or suspend trading in the Shares of the Fund. Trading in Shares of the Fund will be halted if the circuit breaker parameters in NYSE Arca Equities Rule 7.12 have been reached.¹⁶ Trading also may be halted because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable. These may include: (1) the extent to which trading is not occurring in the securities and/or the financial instruments comprising the Disclosed Portfolio of the Fund; or (2) whether other unusual conditions or circumstances detrimental to the maintenance of a fair and orderly market are present. Trading in the Shares will be subject to NYSE Arca Equities Rule 8.600(d)(2)(D), which sets forth circumstances under which Shares of the Fund may be halted [sic]

Trading Rules

The Exchange deems the Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities. Shares will trade on the NYSE Arca Marketplace from 4 a.m. to 8 p.m. Eastern Time in accordance with NYSE Arca Equities Rule 7.34 (Opening, Core, and Late Trading Sessions). The Exchange has appropriate rules to facilitate transactions in the Shares during all trading sessions. As provided in

¹⁵ Currently, it is the Exchange's understanding that several major market data vendors display and/or make widely available PIVs taken from CTA or other data feeds.

¹⁶ See NYSE Arca Equities Rule 7.12.

NYSE Arca Equities Rule 7.6, the minimum price variation (“MPV”) for quoting and entry of orders in equity securities traded on the NYSE Arca Marketplace is \$0.01, with the exception of securities that are priced less than \$1.00 for which the MPV for order entry is \$0.0001.

The Shares will conform to the initial and continued listing criteria under NYSE Arca Equities Rule 8.600. The Exchange represents that, for initial and/or continued listing, the Fund will be in compliance with Rule 10A-3¹⁷ under the Act, as provided by NYSE Arca Equities Rule 5.3. A minimum of 100,000 Shares of the Fund will be outstanding at the commencement of trading on the Exchange. The Exchange will obtain a representation from the issuer of the Shares that the NAV per Share will be calculated daily and that the NAV and the Disclosed Portfolio of the Fund will be made available to all market participants at the same time.

Surveillance

The Exchange represents that trading in the Shares will be subject to the existing trading surveillances administered by the Exchange, as well as cross-market surveillances administered by the Financial Industry Regulatory Authority (“FINRA”) on behalf of the Exchange, which are designed to detect violations of Exchange rules and applicable federal securities laws. The Exchange represents that these procedures are adequate to properly monitor Exchange trading of the Shares in all trading sessions and to deter and detect violations of Exchange rules and federal securities laws applicable to trading on the Exchange.¹⁸

The surveillances referred to above generally focus on detecting securities trading outside their normal patterns, which could be indicative of manipulative or other violative activity.

When such situations are detected, surveillance analysis follows and investigations are opened,

¹⁷ 17 CFR 240.10A-3.

¹⁸ FINRA conducts cross-market surveillances on behalf of the Exchange pursuant to a regulatory services agreement. The Exchange is responsible for FINRA’s performance under this regulatory services agreement.

where appropriate, to review the behavior of all relevant parties for all relevant trading violations.

The Exchange or FINRA, on behalf of the Exchange, or both, will communicate as needed regarding trading in the Shares with other markets or other entities that are members of the Intermarket Surveillance Group (“ISG”)¹⁹, and the Exchange or FINRA, on behalf of the Exchange, or both, may obtain trading information regarding trading in the Shares from such markets or entities. In addition, the Exchange may obtain information regarding trading in the Shares from markets or other entities that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement. FINRA, on behalf of the Exchange, is able to access, as needed, trade information for certain fixed income securities held by the Fund reported to FINRA’s Trade Reporting and Compliance Engine (“TRACE”).

In addition, the Exchange also has a general policy prohibiting the distribution of material, non-public information by its employees.

All statements and representations made in this filing regarding (a) the description of the portfolio, (b) limitations on portfolio holdings or reference assets, or (c) the applicability of Exchange rules and surveillance procedures shall constitute continued listing requirements for listing the Shares of the Fund on the Exchange.

The issuer has represented to the Exchange that it will advise the Exchange of any failure by the Fund to comply with the continued listing requirements, and, pursuant to its obligations under Section 19(g)(1) of the Act, the Exchange will monitor for compliance with the continued

listing requirements. If the Fund is not in compliance with the applicable listing requirements, the Exchange will commence delisting procedures under NYSE Arca Equities Rule 5.5(m).

Information Bulletin

Prior to the commencement of trading, the Exchange will inform its Equity Trading Permit (“ETP”) Holders in an Information Bulletin (“Bulletin”) of the special characteristics and risks associated with trading the Shares. Specifically, the Bulletin will discuss the following: (1) the procedures for purchases and redemptions of Shares in Creation Units (and that Shares are not individually redeemable); (2) NYSE Arca Equities Rule 9.2(a), which imposes a duty of due diligence on its ETP Holders to learn the essential facts relating to every customer prior to trading the Shares; (3) the risks involved in trading the Shares during the Opening and Late Trading Sessions when an updated PIV will not be calculated or publicly disseminated; (4) how information regarding the PIV and the Disclosed Portfolio is disseminated; (5) the requirement that ETP Holders deliver a prospectus to investors purchasing newly issued Shares prior to or concurrently with the confirmation of a transaction; and (6) trading information.

In addition, the Bulletin will reference that the Fund is subject to various fees and expenses described in the Registration Statement. The Bulletin will discuss any exemptive, no-action, and interpretive relief granted by the Commission from any rules under the Act. The Bulletin will also disclose that the NAV for the Shares will generally be calculated as of 12:00 p.m., Eastern time, on each day the NYSE is open for trading.

2. Statutory Basis

The basis under the Act for this proposed rule change is the requirement under Section 6(b)(5)²⁰ that an exchange have rules that are designed to prevent fraudulent and manipulative

acts and practices, to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanism of a free and open market and, in general, to protect investors and the public interest.

The Exchange believes that the proposed rule change is designed to prevent fraudulent and manipulative acts and practices in that the Shares will be listed and traded on the Exchange pursuant to the initial and continued listing criteria in NYSE Arca Equities Rule 8.600. The Exchange has in place surveillance procedures that are adequate to properly monitor trading in the Shares in all trading sessions and to deter and detect violations of Exchange rules and federal securities laws applicable to trading on the Exchange.

The proposed rule change is designed to promote just and equitable principles of trade and to protect investors and the public interest. The Adviser is not registered as a broker-dealer but is affiliated with a broker-dealer. The Adviser has implemented and will maintain a fire wall with respect to its affiliated broker-dealers [sic] regarding access to information concerning the composition and/or changes to the Fund's portfolio. The Exchange will obtain a representation from the issuer of the Shares that the NAV per Share will be calculated daily and that the NAV and the Disclosed Portfolio will be made available to all market participants at the same time.

The Exchange or FINRA, on behalf of the Exchange, or both, will communicate as needed regarding trading in the Shares with other markets or other entities that are members of the ISG, and the Exchange or FINRA, on behalf of the Exchange, or both, may obtain trading information regarding trading in the Shares from such markets or entities. In addition, the Exchange may obtain information regarding trading in the Shares from markets or other entities that are members of ISG or with which the Exchange has in place a comprehensive surveillance

sharing agreement. FINRA, on behalf of the Exchange, is able to access, as needed, trade information for certain fixed income securities held by the Fund reported to FINRA's TRACE.

Information regarding market price and trading volume for the Shares will be continually available on a real-time basis throughout the day on brokers' computer screens and other electronic services. Information regarding the previous day's closing price and trading volume information for the Shares will be published daily in the financial section of newspapers. Quotation and last sale information for the Shares will be available via the CTA high-speed line. Price information for the Underlying Funds, investment company securities, STRIPS, U.S. government obligations, variable and floating rate instruments, repurchase agreements, and reverse repurchase agreements will be available from major market data vendors. In addition, the PIV, as defined in NYSE Arca Equities Rule 8.600(c)(3), will be widely disseminated by one or more major market data vendors at least every 15 seconds during the Core Trading Session. Moreover, prior to the commencement of trading, the Exchange will inform its ETP Holders in an Information Bulletin of the special characteristics and risks associated with trading the Shares. Trading in Shares of the Fund will be halted if the circuit breaker parameters in NYSE Arca Equities Rule 7.12 have been reached or because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable, and trading in the Shares will be subject to NYSE Arca Equities Rule 8.600(d)(2)(D), which sets forth circumstances under which Shares of the Fund may be halted. In addition, as noted above, investors will have ready access to information regarding the Fund's holdings, the PIV, the Disclosed Portfolio, and quotation and last sale information for the Shares.

The proposed rule change is designed to perfect the mechanism of a free and open market and, in general, to protect investors and the public interest in that it will facilitate the listing and

trading of an additional type of actively-managed exchange-traded product that principally holds U.S. government securities and other money market securities that will enhance competition among market participants, to the benefit of investors and the marketplace. As noted above, the Exchange has in place surveillance procedures relating to trading in the Shares and may obtain information via ISG from other exchanges that are members of ISG or with which the Exchange has entered into a comprehensive surveillance sharing agreement. In addition, as noted above, investors will have ready access to information regarding the Fund's holdings, the PIV, the Disclosed Portfolio, and quotation and last sale information for the Shares.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purpose of the Act. The Exchange notes that the proposed rule change will facilitate the listing and trading of an additional type of actively-managed exchange-traded product that principally holds U.S. government securities and other money market securities as discussed above, which will enhance competition among market participants, to the benefit of investors and the marketplace.
