

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34-89038; File No. SR-NYSEArca-2020-52)

June 10, 2020

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Modify the NYSE Arca Options Fee Schedule

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the “Act”)² and Rule 19b-4 thereunder,³ notice is hereby given that, on June 1, 2020, NYSE Arca, Inc. (“NYSE Arca” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to modify the NYSE Arca Options Fee Schedule (“Fee Schedule”) to waive certain Floor-based fixed fees for the month of June 2020. The Exchange proposes to implement the fee change effective June 1, 2020. The proposed rule change is available on the Exchange’s website at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it

received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to modify the Fee Schedule to waive certain Floor-based fixed fees for June 2020 for market participants that have been unable to resume their Floor operations to a certain capacity level, as discussed below. The Exchange proposes to implement the fee change effective June 1, 2020.

On March 18, 2020, the Exchange announced that it would temporarily close the Trading Floor, effective Monday, March 23, 2020, as a precautionary measure to prevent the potential spread of COVID-19. Following the temporary closure of the Trading Floor, the Exchange waived certain Floor-based fixed fees for April and May 2020 (the “fee waiver”).⁴ Although the Trading Floor partially reopened on May 4, 2020 and Floor-based open outcry activity is supported, certain participants have been unable to resume pre-Floor closure levels of operations. Thus, the Exchange proposes to extend the fee waiver through June 2020, but only for Floor Broker firms that are unable to operate at more than 50% of their March 2020 on-Floor staffing levels and for Market Maker firms that have vacant or “unmanned” Podia for the entire month due to COVID-19 related considerations (the “Qualifying Firms”).⁵

⁴ See Securities Exchange Act Release Nos. 88596 (April 8, 2020), 85 FR 20796 (April 14, 2020) (SR-NYSEArca-2020-29); 88812 (May 5, 2020), 85 FR 27787 (May 11, 2020) (SR-NYSEArca-2020-38). See also Fee Schedule, NYSE Arca OPTIONS: FLOOR and EQUIPMENT and CO-LOCATION FEES.

⁵ See proposed Fee Schedule, NYSE Arca OPTIONS: FLOOR and EQUIPMENT and CO-LOCATION FEES.

Specifically, the proposed fee waiver covers the following fixed fees for Qualifying Firms, which relate directly to Floor operations, are charged only to Floor participants and do not apply to participants that conduct business off-Floor:

- Floor Booths;
- Market Maker Podia;
- Options Floor Access;
- Wire Services; and
- ISP Connection.⁶

Like the previous fee waiver, the proposed fee change is designed to reduce monthly costs for Qualifying Firms whose operations continue to be disrupted despite the fact that the Trading Floor has partially reopened. In reducing this monthly financial burden, the proposed change would allow Qualifying Firms to reallocate funds to assist with the cost of shifting and maintaining their prior fully-staffed on-Floor operations to off-Floor and recoup losses as a result of the unanticipated Floor closure and now partial reopening. Absent this change, such participants may experience an unexpected increase in the cost of doing business on the Exchange.⁷

The Exchange believes that all Qualifying Firms would benefit from this proposed fee change.

⁶ See id.

⁷ The Exchange will refund participants of the Floor Broker Prepayment Program for any prepaid June 2020 fees that are waived. See proposed Fee Schedule, FLOOR BROKER FIXED COST PREPAYMENT INCENTIVE PROGRAM (the “FB Prepay Program”) (providing that “the Exchange will refund certain of the prepaid Eligible Fixed costs that were waived for June 2020, per NYSE Arca OPTIONS: FLOOR and EQUIPMENT and CO-LOCATION FEES”).

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁸ in general, and furthers the objectives of Sections 6(b)(4) and (5) of the Act,⁹ in particular, because it provides for the equitable allocation of reasonable dues, fees, and other charges among its members, issuers and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers or dealers.

The Exchange operates in a highly competitive market. The Commission has repeatedly expressed its preference for competition over regulatory intervention in determining prices, products, and services in the securities markets. In Regulation NMS, the Commission highlighted the importance of market forces in determining prices and SRO revenues and, also, recognized that current regulation of the market system “has been remarkably successful in promoting market competition in its broader forms that are most important to investors and listed companies.”¹⁰

There are currently 16 registered options exchanges competing for order flow. Based on publicly-available information, and excluding index-based options, no single exchange has more than 16% of the market share of executed volume of multiply-listed equity and ETF options trades.¹¹ Therefore, currently no exchange possesses significant pricing power in the execution of multiply-listed equity & ETF options order flow. More specifically, in January 2020, the

Exchange had less than 10% market share of executed volume of multiply-listed equity & ETF options trades.¹²

This proposed fee change is reasonable, equitable, and not unfairly discriminatory because it would reduce monthly costs for Qualifying Firms whose operations have been disrupted despite the fact that the Trading Floor has partially reopened because of the social distancing requirements and/or other health concerns related to resuming operation on the Floor. In reducing this monthly financial burden, the proposed change would allow affected participants to reallocate funds to assist with the cost of shifting and maintaining their prior fully-staffed on-Floor operations to off-Floor and recoup losses as a result of the partial reopening of the Floor. Absent this change, such participants may experience an unexpected increase in the cost of doing business on the Exchange. The Exchange believes that all Qualifying Firms would benefit from this proposed fee change.

The Exchange believes the proposed rule change is an equitable allocation of its fees and credits as it merely continues the previous fee waiver, which affects fees charged only to Floor participants and do not apply to participants that conduct business off-Floor. The Exchange believes it is an equitable allocation of fees and credits to extend this fee waiver to Qualifying Firms because such firms have either less than half of their Floor staff (March 2020) levels or have vacant podia -- and this reduction in physical capacity on the Floor impacts the speed, volume and efficiency with which these firms can operate, which is to their detriment.

The Exchange believes that the proposal is not unfairly discriminatory because the proposed continuation of the fee waiver would affect all similarly-situated market participants on

an equal and non-discriminatory basis.

Finally, the Exchange believes that it is subject to significant competitive forces, as described below in the Exchange's statement regarding the burden on competition.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act, the Exchange does not believe that the proposed rule change would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that the proposed changes would encourage the continued participation of Qualifying Firms, thereby promoting market depth, price discovery and transparency and enhancing order execution opportunities for all market participants. As a result, the Exchange believes that the proposed change furthers the Commission's goal in adopting Regulation NMS of fostering integrated competition among orders, which promotes "more efficient pricing of individual stocks for all types of orders, large and small."¹³

Intramarket Competition. The proposed change, which continues the fee waiver in place when the Floor was temporarily closed but only for Qualifying Firms, is designed to reduce monthly costs for those Floor participants whose operations continue to be impacted despite the fact that the Trading Floor has partially reopened. In reducing this monthly financial burden, the proposed change would allow affected participants to reallocate funds to assist with the cost of shifting and maintaining their previously on-Floor operations to off-Floor. Absent this change, such Qualifying Firms may experience an unintended increase in the cost of doing business on the Exchange. The Exchange believes that the proposed waiver of fees for Qualifying Firms would not impose a disparate burden on competition among market participants on the Exchange

¹³ See Reg NMS Adopting Release, supra note 10, at 37499.

because off-Floor market participants are not subject to these Floor-based fixed fees and Floor-based firms that are not subject to the extent of staffing shortfalls as the Qualifying Firms -- i.e., have at least 50% of their March 2020 staffing levels on the Floor and/or have no vacant Podia during June 2020, do not face the same operational disruption and potential financial impact during the partial reopening of the Floor.

Intermarket Competition. The Exchange operates in a highly competitive market in which market participants can readily favor one of the 16 competing option exchanges if they deem fee levels at a particular venue to be excessive. In such an environment, the Exchange must continually adjust its fees to remain competitive with other exchanges and to attract order flow to the Exchange. Based on publicly-available information, and excluding index-based options, no single exchange currently has more than 16% of the market share of executed volume of multiply-listed equity and ETF options trades.¹⁴ Therefore, currently no exchange possesses significant pricing power in the execution of multiply-listed equity & ETF options order flow. More specifically, in January 2020, the Exchange had less than 10% market share of executed volume of multiply-listed equity & ETF options trades.¹⁵

The Exchange believes that the proposed rule change reflects this competitive environment because it waives fees for Qualifying Firms and is designed to reduce monthly costs for Floor participants whose operations continue to be disrupted despite the fact that the Trading Floor has partially reopened. In reducing this monthly financial burden, the proposed change would allow affected participants to reallocate funds to assist with the cost of shifting and maintaining their prior fully-staffed on-Floor operations to off-Floor. Absent this change,

¹⁴ See supra note 11.

¹⁵ Based on OCC data, supra note 12, the Exchange's market share in equity-based options was 9.57% for the month of January 2019 and 9.59% for the month of January, 2020.

Qualifying Firms may experience an unintended increase in the cost of doing business on the Exchange, which would make the Exchange a less competitive venue on which to trade as compared to other options exchanges.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)¹⁶ of the Act and subparagraph (f)(2) of Rule 19b-4¹⁷ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹⁸ of the Act to determine whether the proposed rule change should be approved or disapproved.
