II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NYSE MKT Rules 500-525 - Equities, as a pilot program, govern the trading of any Nasdaq-listed security on the Exchange pursuant to unlisted trading privileges (“UTP Pilot Program”).⁴ The Exchange hereby seeks to extend the operation of the UTP Pilot Program, currently scheduled to expire on July 31, 2012, until the earlier of Commission approval to make such pilot permanent or January 31, 2013.

The UTP Pilot Program includes any security listed on Nasdaq that (i) is designated as an “eligible security” under the Joint Self-Regulatory Organization Plan Governing the Collection, Consolidation and Dissemination of Quotation and Transaction Information for Nasdaq-Listed Securities Traded on Exchanges on an Unlisted Trading Privilege Basis, as amended (“UTP

Plan”),⁵ and (ii) has been admitted to dealings on the Exchange pursuant to a grant of unlisted trading privileges in accordance with Section 12(f) of the Securities Exchange Act of 1934, as amended (the “Act”),⁶ (collectively, “Nasdaq Securities”).⁷

The Exchange notes that its New Market Model Pilot (“NMM Pilot”), which, among other things, eliminated the function of specialists on the Exchange and created a new category of market participant, the Designated Market Maker (“DMM”),⁸ is also scheduled to end on July 31, 2012.⁹ The timing of the operation of the UTP Pilot Program was designed to correspond to that of the NMM Pilot. In approving the UTP Pilot Program, the Commission acknowledged that the rules relating to DMM benefits and duties in trading Nasdaq Securities on the Exchange

pursuant to the UTP Pilot Program are consistent with the Act¹⁰ and noted the similarity to the NMM Pilot, particularly with respect to DMM obligations and benefits.¹¹ Furthermore, the UTP Pilot Program rules pertaining to the assignment of securities to DMMs are substantially similar to the rules implemented through the NMM Pilot.¹² The Exchange has similarly filed to extend the operation of the NMM Pilot until the earlier of Commission approval to make the NMM Pilot permanent or January 31, 2013.¹³

Extension of the UTP Pilot Program in tandem with the NMM Pilot, both from July 31, 2012 until the earlier of Commission approval to make such pilots permanent or January 31, 2013, will provide for the uninterrupted trading of Nasdaq Securities on the Exchange on a UTP basis and thus continue to encourage the additional utilization of, and interaction with, the Exchange, and provide market participants with improved price discovery, increased liquidity, more competitive quotes and greater price improvement for Nasdaq Securities.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange. In particular, the Exchange believes that its proposal to extend the UTP Pilot Program is consistent with (i) Section 6(b) of the Act,¹⁴ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹⁵ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to

and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest; (ii) Section 11A(a)(1) of the Act,¹⁶ in that it seeks to ensure the economically efficient execution of securities transactions and fair competition among brokers and dealers and among exchange markets; and (iii) Section 12(f) of the Act,¹⁷ which governs the trading of securities pursuant to UTP consistent with the maintenance of fair and orderly markets, the protection of investors and the public interest, and the impact of extending the existing markets for such securities.

Specifically, the Exchange believes that extending the UTP Pilot Program would provide for the uninterrupted trading of Nasdaq Securities on the Exchange on a UTP basis and thus continue to encourage the additional utilization of, and interaction with, the Exchange, thereby providing market participants with additional price discovery, increased liquidity, more competitive quotes and potentially greater price improvement for Nasdaq Securities.

Additionally, under the UTP Pilot Program, Nasdaq Securities trade on the Exchange pursuant to rules governing the trading of Exchange-Listed securities that previously have been approved by the Commission. Accordingly, this proposed rule change would permit the Exchange to extend the effectiveness of the UTP Pilot Program in tandem with the NMM Pilot, which the Exchange has similarly proposed to extend until the earlier of Commission approval to make such pilot permanent or January 31, 2013.¹⁸

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act¹⁹ and Rule 19b-4(f)(6) thereunder.²⁰ Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.²¹

A proposed rule change filed under Rule 19b-4(f)(6)²² normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),²³ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because such waiver would allow the pilot program to continue uninterrupted. Accordingly, the Commission hereby grants the Exchange's request

²⁰ 17 CFR 240.19b-4(f)(6).

²¹ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

and designates the proposal operative upon filing.²⁴

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
