(Release No. 34-79525; File No. SR-NYSEMKT-2016-111)

December 12, 2016

Self-Regulatory Organizations; NYSE MKT LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Amend Commentary .02 to Rule 960NY in Order to Extend the Penny Pilot in Options Classes in Certain Issues

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the “Act”)² and Rule 19b-4 thereunder,³ notice is hereby given that on November 28, 2016, NYSE MKT LLC (the “Exchange” or “NYSE MKT”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Commentary .02 to Rule 960NY in order to extend the Penny Pilot in options classes in certain issues (“Pilot Program” or “Pilot”) previously approved by the Securities and Exchange Commission (“Commission”) through June 30, 2017. The Pilot Program is currently scheduled to expire on December 31, 2016. The proposed rule change is available on the Exchange’s website at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements

² 15 U.S.C. 78a.

³ 17 CFR 240.19b-4.

concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to extend the Pilot Program,⁴ which is currently scheduled to expire on December 31, 2016, until June 30, 2017.⁵ The Exchange believes that extending the Pilot would allow for further analysis of the Pilot Program and a determination of how the Pilot Program should be structured in the future.

During this extension of the Pilot, as is the case today, the Exchange may replace any option class that is currently included in the Pilot Program and that has been delisted with the next most actively traded, multiply listed option class that is not yet participating in the Pilot Program (“replacement class”). In light of the extension, the Exchange also proposes that any replacement class would be determined based on national average daily volume in the preceding six months, and would be added on the second trading day following January 1, 2017.⁶

⁴ See Securities Exchange Act Release No. 55162 (January 24, 2007), 72 FR 4738 (February 1, 2007) (original approval of Pilot). The Pilot has been extended several times since the original approval, the most recent extension was obtained in earlier this year. See Securities Exchange Act Release No. 78176 (June 28, 2016), 81 FR 43320 (July 1, 2016) (SR-NYSEMKT-2016-61) (most recent extension of the Pilot until December 31, 2016).

⁵ See proposed Commentary .02 to Rule 960NY.

⁶ See *id.* The month immediately preceding a replacement class’s addition to the Pilot Program (i.e., December) would not be used for purposes of the analysis for determining the replacement class. Thus, a replacement class to be added on the second trading day following January 1, 2017 would be identified based on The Option Clearing

This filing does not propose any substantive changes to the Pilot Program: all classes currently participating will remain the same and all minimum increments will remain unchanged. The Exchange believes the benefits to public customers and other market participants who will be able to express their true prices to buy and sell options have been demonstrated to outweigh the increase in quote traffic.

2. Statutory Basis

The proposed rule change is consistent with Section 6(b)⁷ of the Securities Exchange Act of 1934 (the “Act”), in general, and furthers the objectives of Section 6(b)(5),⁸ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanisms of a free and open market and a national market system.

In particular, the proposed rule change, which extends the Penny Pilot Program for six months, allows the Exchange to continue to participate in a program that has been viewed as beneficial to traders, investors and public customers and viewed as successful by the other options exchanges participating in it. Accordingly, the Exchange believes that the proposal is consistent with the Act because it would allow the Exchange to extend the Pilot Program prior to its expiration on December 31, 2016. The Exchange notes that this proposal does not propose

Corporation’s trading volume data from June 1, 2016 through November 30, 2016. The Exchange will announce the replacement issues to the Exchange’s membership through a Trader Update.

any new policies or provisions that are unique or unproven, but instead relates to the continuation of an existing program that operates on a pilot basis.

The Exchange believes that the Pilot Program promotes just and equitable principles of trade by enabling public customers and other market participants to express their true prices to buy and sell options to the benefit of all market participants.

The proposal to extend the Pilot Program is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanisms of a free and open market and a national market system, by allowing the Exchange and the Commission additional time to analyze the impact of the Pilot Program while also allowing the Exchange to continue to compete for order flow with other exchanges in option issues trading as part of the Pilot Program.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Specifically, the Exchange believes that, by extending the expiration of the Pilot Program, the proposed rule change would allow for further analysis of the Pilot Program and a determination of how the Program should be structured in the future. In doing so, the proposed rule change would also serve to promote regulatory clarity and consistency, thereby reducing burdens on the marketplace and facilitating investor protection. The Pilot Program is an industry-wide initiative supported by all other option exchanges. The Exchange believes that extending the Pilot Program would allow for continued competition between Exchange market participants trading similar products as their counterparts on other exchanges, while at the same time allowing the

Exchange to continue to compete for order flow with other exchanges in option issues trading as part of the Pilot Program.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act⁹ and Rule 19b-4(f)(6) thereunder.¹⁰ Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹¹ and Rule 19b-4(f)(6)(iii) thereunder.¹²

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the

In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change along with a brief description and the text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this pre-filing requirement.

Commission shall institute proceedings under Section 19(b)(2)(B)¹³ of the Act to determine whether the proposed rule change should be approved or disapproved.
