(Release No. 34-54659; File No. SR-Phlx-2006-67)

October 27, 2006

Self-Regulatory Organizations; Philadelphia Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Cap Registered Options Trader and Specialist Equity Option Comparison and Transaction Charges when Certain Requirements Are Met

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 19, 2006, the Philadelphia Stock Exchange, Inc. (“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Phlx has designated this proposal as one establishing or changing a due, fee, or other charge imposed by a self-regulatory organization pursuant to Section 19(b)(3)(A) of the Act,³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Phlx proposes to adopt a cap on Registered Options Trader (“ROT”) comparison charges and ROT and specialist transaction charges⁵ in connection with non-AUTOM delivered

² 17 CFR 240.19b-4.

³ 15 U.S.C. 78s(b)(3)(A).

⁴ 17 CFR 240.19b-4(f)(2).

⁵ The Exchange does not currently assess a comparison charge on specialist transactions. Therefore, the proposed cap will apply to ROT comparison and transaction charges combined and separately to specialist transaction charges.

equity option contracts⁶ when an ROT or specialist executes over 14,000 contracts calculated on a daily basis in all equity options overlying the same underlying security per day (“Qualifying Option”). This proposal will apply only to transactions when an ROT or specialist is the contra-party to a customer order. Therefore, after the 14,000 non-AUTOM delivered contract level is reached in a Qualifying Option, additional comparison and transaction charges will not be assessed on subsequent option contracts in excess of 14,000 that are executed on that day in that specific Qualifying Option when the ROT or specialist is the contra-party to a customer order.⁷ In addition, even when the 14,000 cap is reached, the Exchange will continue to impose a license fee of \$0.10 per contract side on applicable ROTs and specialists for equity option transactions on those licensed products that carry a license fee.⁸ This proposal was designated to become effective for trades settling on or after October 20, 2006.

The text of the proposed rule change is available on the Phlx’s Web site, <http://www.phlx.com>, at the Phlx’s Office of the Secretary, and at the Commission’s Public Reference Room.

⁶ For purposes of this fee, orders delivered via the Floor Broker Management System shall be deemed to be non-AUTOM delivered orders. See Phlx Rule 1063.

⁷ For example, if an ROT executes a total of 35,000 non-AUTOM delivered customer SPY equity option contracts (puts and calls) in a given day, the transaction and comparison charges assessed for these transactions will be capped for that day at \$3,080 (14,000 contracts * (\$0.19 (transaction charge) + \$0.03 (comparison charge)). In this example, additional transaction and comparison charges will continue to be assessed on all other option contracts executed by that ROT, except for those executed option contracts in other options that also meet the above requirements. For orders delivered electronically and transactions that are executed with a contra party other than a customer (i.e., another ROT), comparison and transaction charges will continue to be assessed even when the contracts are in the same option (i.e., SPY) that qualified for the cap described above.

⁸ For a complete list of the licensed products that will be assessed a \$0.10 license fee per contract side after the 14,000 equity option contract cap is reached, see \$60,000 “Firm Related” Equity Option and Index Option Cap on the Exchange’s fee schedule.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Phlx included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposal. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposal is to create an incentive for ROTs and specialists to attract additional order flow to the Exchange and also, in connection with sizeable customer transactions, to create an incentive for ROTs and specialists to execute additional contracts knowing comparison and transaction fees are capped once the 14,000 threshold is met. This proposal should also provide additional incentives for member organizations to increase liquidity and allow the Exchange to remain competitive.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act⁹ in general, and furthers the objectives of Section 6(b)(4) of the Act¹⁰ in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Phlx believes that the proposed rule change would impose no burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

⁹ 15 U.S.C. 78f(b).

¹⁰ 15 U.S.C. 78f(b)(4).

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange did not solicit or receive any written comments with respect to the proposal.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change has been designated as a fee change pursuant to Section 19(b)(3)(A)(ii) of the Act¹¹ and Rule 19b-4(f)(2)¹² thereunder. Accordingly, the proposal is effective upon filing with the Commission. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
