(“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend the fees and rebates for adding and removing liquidity to clarify the applicability of these fees to Professionals in an electronic auction.

The Exchange recently amended its rules to give certain non-broker-dealer orders the same priority as broker-dealer orders.³ Also, the Exchange recently filed a proposed rule change to amend its Fee Schedule to adopt a new category of fees, “professional.”⁴

The Exchange defines a “professional” as any person or entity that (i) is not a broker or dealer in securities, and (ii) places more than 390 orders in listed options per day on average during a calendar month for its own beneficial account(s) (hereinafter “Professional”).⁵

The Exchange proposes to amend its fees and rebates for adding and removing liquidity, known as a “maker/taker” model in order that Professionals will not be assessed a charge for electronic auctions which include, without limitation, the Complex Order Live Auction (“COLA”), and Quote and Market Exhaust auctions. Currently, electronic auctions are free to

⁴ See SR-Phlx-2010-51 and SR-Phlx-2010-55.

⁵ A Professional will be treated in the same manner as an off-floor broker-dealer for purposes of Rules 1014(g)(except with respect to all-or-none orders, which will be treated like customer orders), 1033(e), 1064.02 (except professional orders will be considered customer orders subject to facilitation), and 1080.08 as well as Options Floor Procedure Advices B-6, B-11 and F-5. Member organizations must indicate whether orders are for professionals.

Customers, Directed Participants, Specialists, ROTs, SQTs and RSQTs. Firms and broker-dealers are assessed the appropriate charge for removing liquidity.

2. Statutory Basis

The Exchange believes that its proposal to amend its schedule of fees is consistent with Section 6(b) of the Act⁶ in general, and furthers the objectives of Section 6(b)(4) of the Act⁷ in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members. The Exchange believes that Professionals should not be assessed the fees and rebates for adding and removing liquidity in electronic auctions as Specialists, ROTs, SQTs and RSQTs are not assessed such fees in electronic auctions.

The impact of the proposal upon the net fees paid by a particular market participant will depend on a number of variables, most important of which will be its propensity to add or remove liquidity in the underlying symbols. The Exchange operates in a highly competitive market in which market participants can readily direct order flow to another exchange if they deem fee levels at a particular exchange to be excessive. The Exchange believes that the proposed fees it charges for options overlying the various symbols remain competitive with fees charged by other exchanges and, therefore, continue to be reasonable and equitably allocated to those members that opt to direct orders to the Exchange rather than to a competing exchange.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁸ and paragraph (f)(2) of Rule 19b-4⁹ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
