The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. <u>Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis</u> for, the Proposed Rule Change

1. Purpose

On November 3, 2010, the Commission adopted the Market Access Rule, ⁴ pursuant to which, among other things, broker-dealers providing market access are required to implement certain pre-order entry checks in order to manage the financial, regulatory, and other risks associated with providing its customers with market access. In anticipation of the upcoming July 14, 2011 compliance date for the Market Access Rule, the Exchange is proposing to amend PHLX Options Rule 1080(m) to describe the manner in which the Exchange's affiliated routing broker-dealer, NASDAQ Options Services ("NOS") will handle routable orders consistent with the Market Access Rule.

In order to comply with the Market Access Rule, NOS proposes to implement, as part of the procedures of NOS, certain tests, on both an order-by-order basis and over a short period of time, that are designed to limit the financial exposure that could arise as a result of market access and to ensure compliance with all regulatory requirements that are applicable in connection with market access. Consistent with the requirements of the Market Access Rule, these tests are designed to reject orders that NOS deem to be erroneous or duplicative, would cause the entering Member's credit exposure to exceed a preset credit threshold, or are non-compliant with pretrade regulatory requirements (as defined in the Market Access Rule). To the extent NOS

determine, based on its procedures, that an order should be rejected, NOS may also seek to cancel orders that have already been routed away.

2. <u>Statutory Basis</u>

The Exchange believes that its proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act. In particular, the proposed change is consistent with Section 6(b)(5) of the Act, because it would promote just and equitable principles of trade, and, in general, protect investors and the public interest. The proposed rule is consistent with the requirements of the Act because the change is necessary for the Exchange's affiliated broker-dealer, NOS, to comply with the Market Access Rule. The Exchange also believes that the proposed changes will benefit Members of the Exchange because it provides clarity on the procedures employed by NOS consistent with the Market Access Rule.

B. <u>Self-Regulatory Organization's Statement on Burden on Competition</u>

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. <u>Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others</u>

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time

as the Commission may designate, it has become effective pursuant to 19(b)(3)(A) of the Act^7 and Rule 19b-4(f)(6) thereunder.⁸

A proposed rule change filed under Rule 19b-4(f)(6)⁹ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii), ¹⁰ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange notes that waiving the 30-day operative delay will permit the Exchange's affiliated broker-dealers, NOS, to comply with Rule 15c3-5 under the Act by July 14, 2011; ¹¹ the compliance date for Rule 15c3-5. For this reason, the Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, and designates the proposed rule change to be operative upon filing with the Commission. ¹²

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

⁷ 15 U.S.C. 78s(b)(3)(A).

¹⁷ CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. Phlx has satisfied this requirement.

¹⁰ 17 CFR 240.19b-4(f)(6)(iii).

¹¹ 17 CFR 240.15c3-5.

For purposes only of waiving the operative delay for this proposal, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).
