II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Recently, Phlx filed a proposed rule change to recognize a new category of limited representative registration for proprietary traders.³ Specifically, Phlx will recognize the new registration category "Proprietary Trader" and the new examination, the Series 56. The new Proprietary Trader category would be limited to persons engaged solely in proprietary trading, market making or effecting transactions on behalf of a broker-dealer account.

The Exchange has been working with the Financial Industry Regulatory Authority ("FINRA") and certain other markets, many of which have recently enhanced their registration requirements to require the registration of associated persons,⁴ to develop the content outline and qualification examination that would be applicable to proprietary traders. The Series 56 examination program is shared by Phlx and the following: Boston Options Exchange; C2 Options Exchange, Incorporated; Chicago Board Options Exchange, Incorporated; Chicago

Stock Exchange, Inc.; International Securities Exchange, LLC; The NASDAQ Stock Market LLC; National Stock Exchange, Inc.; New York Stock Exchange LLC; NYSE AMEX LLC; and NYSE ARCA, Inc. FINRA staff convened a committee of industry representatives and staff of the various markets to develop the criteria for the Series 56 examination program.

The Series 56 examination tests a candidate's knowledge of proprietary trading generally and the industry rules applicable to trading of equity securities and listed options contracts. The Series 56 examination covers, among other things, recordkeeping and recording requirements, types and characteristics of securities and investments, trading practices and display execution and trading systems. While the examination is primarily dedicated to topics related to proprietary trading, the Series 56 examination also covers a few general concepts relating to customers.⁵

The qualification examination consists of 100 multiple choice questions. Candidates will have 150 minutes to complete the exam. The content outline describes the following topical sections comprising the examination: Personnel, Business Conduct and Recordkeeping and Reporting Requirements, 9 questions; Markets, Market Participants, Exchanges, and Self-Regulatory Organizations, 8 questions; Types and Characteristics of Securities and Investments, 20 questions; Trading Practices and Prohibited Acts, 50 questions; and Display, Execution, and Trading Systems, 13 questions. Representatives from the applicable markets intend to meet on a periodic basis to evaluate and, as necessary, update the Series 56 examination program.

The Exchange understands that the other applicable markets will also file with the Commission similar filings regarding the Series 56 examination program. The Exchange proposes to implement the Series 56 examination program upon availability in WebCRD, notification to its membership and approval of SR-Phlx-2012-23.

⁵ Proprietary trading firms do not have customers.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁶ in general, and furthers the objectives of Section 6(c)(3)(B) of the Act,⁷ pursuant to which a national securities exchange prescribes standards of training, experience and competence for members and their associated persons, in particular, by offering a new qualification examination for proprietary traders. This filing provides the content outline and relevant specifications for the Series 56 examination program, which should help ensure that all associated persons engaged in a securities business are, and will continue to be, properly trained and qualified to perform their functions.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date of the filing, or such shorter time as the
