(Release No. 34-80162; File No. SR-Phlx-2017-18)

March 6, 2017

Self-Regulatory Organizations; NASDAQ PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Related to Billing Ports and Other Services

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 21, 2017, NASDAQ PHLX LLC (“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I and II, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Port Fees in Chapter VII at Part B to indicate those fees are not prorated.

The text of the proposed rule change is available on the Exchange’s website at <http://nasdaqphlx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to include language within Chapter VII, entitled "Other Membership Fees" at Part B, entitled "Port Fees" to clarify that the port fees in this section are not subject to proration.

Chapter VII, Part B includes pricing for Order Entry Ports,³ Active SQF Port Fees,⁴ CTI

³ The Order Entry Port Fee is a connectivity fee in connection with routing orders to the Exchange via an external order entry port. Phlx members access the Exchange's network through order entry ports. A Phlx member may have more than one order entry port.

⁴ SQF is an interface that allows Specialists, Streaming Quote Traders ("SQTs") and Remote Streaming Quote Traders ("RSQTs") to connect and send quotes and sweeps into Phlx XL. Data includes the following: (1) Options Auction Notifications (e.g., opening imbalance, market exhaust, Price Improvement XL or PIXLSM ("PIXL") Auction information, or other information); (2) Options Symbol Directory Messages; (3) System Event Messages (e.g., start of messages, start of system hours, start of quoting, start of opening); (4) Complex Order Strategy Auction Notifications (COLA); (5) Complex Order Strategy messages; (6) Option Trading Action Messages (e.g., halts, resumes); (7) Complex Strategy Trading Action Message (e.g., halts, resumes) and (8) Quote Messages (quote/sweep messages, risk protection triggers or purge notifications). Active SQF ports are ports that receive inbound quotes at any time within that month.

Ports,⁵ and SQF Purge Ports.⁶ Today, the Exchange does not prorate any of these per month port fees. The Exchange proposes to add a clarifying sentence to make clear that port fees are assessed in full month increments and are not prorated, to avoid any confusion.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁷ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁸ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, by clearly specifying in Chapter VII, Part B that the Exchange's pricing regarding ports is not prorated. The Exchange believes that its decision to not prorate is consistent with the Act because prorating billing results in complexity and increased costs associated with the billing process.

⁵ CTI offers real-time clearing trade updates. A real-time clearing trade update is a message that is sent to a member after an execution has occurred and contains trade details. The message containing the trade details is also simultaneously sent to The Options Clearing Corporation. The trade messages are routed to a member's connection containing certain information. The administrative and market event messages include, but are not limited to: system event messages to communicate operational-related events; options directory messages to relay basic option symbol and contract information for options traded on the Exchange; complex strategy messages to relay information for those strategies traded on the Exchange; trading action messages to inform market participants when a specific option or strategy is halted or released for trading on the Exchange; and an indicator which distinguishes electronic and non-electronically delivered orders.

⁶ An Active SQF Purge Port may be configured as a "Purge-only" port of purging option interest from the Exchange's system and allowing entry of underlying-level purges for a specified range of options and delivery of Purge Notification messages identifying the identification of who submitted the purge and the underlying symbol.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange will uniformly assess the fees in Chapter VII, Part B to all Phlx members and member organizations in a uniform manner.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act⁹ and Rule 19b-4(f)(6) thereunder.¹⁰ Because the proposed rule change does not:

(i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹¹ and Rule 19b-4(f)(6) thereunder.¹²

A proposed rule change filed under Rule 19b-4(f)(6)¹³ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁴ the Commission may designate a shorter time if such action is consistent with the

¹⁴ 17 CFR 240.19b-4(f)(6)(iii).

protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change may become operative immediately. The Exchange requests that the Commission waive the 30-day operative delay contained in Rule 19b-4(f)(6)(iii) so that the Exchange may implement the change upon filing specifying that the port fees in Chapter VII, Part B of the Exchange's Pricing Schedule will not be prorated. The Commission believes that adding the sentence to Chapter VII, Part B of the Exchange's Pricing Schedule to state that port fees are assessed in full-month increments, i.e., they are not prorated, will avoid confusion and thus serve to protect investors and the public interest. For this reason, the Commission hereby waives the 30-day operative delay and designates the proposal operative upon filing.¹⁵

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

¹⁵ For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).
