Self-Regulatory Organizations; Nasdaq PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Amend the Implementation Date Related to the Launch of Options on the Nasdaq-100 Volatility Index

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”), and Rule 19b-4 thereunder, notice is hereby given that on March 15, 2022, Nasdaq PHLX LLC (“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

The Exchange proposes to amend the implementation date related to the launch of options on the Nasdaq-100® Volatility Index.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. **Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

1. **Purpose**

The Exchange proposes to amend the implementation date related to the launch of options on the Nasdaq-100® Volatility Index (“VOLQ”). In 2021, Phlx received approval\(^3\) to list and trade options on VOLQ. Phlx subsequently received approval\(^4\) in 2021 to amend the calculation of its final settlement price for options on VOLQ. When Phlx amended the calculation of its final settlement price for options on VOLQ, it also amended its implementation date to “on or before March 31, 2022.” At this time the Exchange proposes to delay the launch of VOLQ to “on or before June 30, 2022.” The Exchange proposes the additional time to ensure market readiness and to allow a third-party vendor additional time to test before launch. The Exchange will issue an Options Trader Alert announcing the day it will list options on VOLQ on Phlx at least thirty days prior to the launch date.

**Background**

VOLQ is a new options index product that would enable retail and institutional investors to manage volatility versus price risk. This index will measure “at-the-money” volatility, a precise measure of volatility used by investors. Unlike other indexes, this proposed novel product isolates at-the-money volatility for precise trading and hedging strategies. This product

will provide investors information on volatility index returns by allowing them to observe increases and decreases of the Volatility Index. Specifically, VOLQ options will measure changes in 30-day implied volatility of the Nasdaq-100 Index (commonly known as and referred to by its ticker symbol, NDX). Options on the Volatility Index will be cash-settled and will have European-style exercise provisions.

2. **Statutory Basis**

The Exchange believes that its proposal is consistent with Section 6(b) of the Act, in general, and furthers the objectives of Section 6(b)(5) of the Act, in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, by delaying the launch of options on VOLQ from “on or before March 31, 2022” to “on or before June 30, 2022.” This delay will provide additional time to ensure market readiness and to allow a third-party vendor additional time to test before launch, thereby ensuring a successful launch of this new product.

B. **Self-Regulatory Organization’s Statement on Burden on Competition**

This proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange’s proposal to delay the launch of options on VOLQ does not impose an undue burden on competition. Delaying the launch from “on or before March 31, 2022” to “on or before June 30, 2022” will provide Phlx additional time to ensure market readiness as well as allow a third-party vendor additional time to test before launch. The Exchange will issue an Options Trader Alert

announcing the day it will list options on VOLQ on Phlx at least thirty days prior to the launch date.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act\(^7\) and subparagraph (f)(6) of Rule 19b-4 thereunder.\(^8\)

A proposed rule change filed under Rule 19b-4(f)(6)\(^9\) normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),\(^10\) the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay. Waiver of the operative delay would allow the Exchange to immediately delay the launch of options on VOLQ, which would provide additional time to ensure market readiness and allow a third-party vendor additional time to test before launch. The

\(^8\) 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the operative delay and designates the proposed rule change operative upon filing.¹¹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
