

Keith E. Holmberg

Keith is the Vice President of Financial Control Processes and is accountable for two primary activities: 1) ensuring compliance with Financial Control & Accounting's internal control accountabilities (both internally and externally); and 2) facilitating the ongoing optimization of our financial control processes on behalf of the Control Leadership Team. Prior to this role, Keith was the CFO for BP's petrochemical business. Keith has also served as a Business Unit Leader and has held previous positions in the areas of finance, acquisitions and divestments, business development and strategy.
